OBJECTIVE

Passionate and detail-oriented Front-End Software Engineer with expertise in ReactJS, HTML, CSS, and JavaScript, dedicated to creating responsive, user-centric web applications. Seeking an opportunity to leverage my skills in dynamic component development, UI design, and modern JavaScript frameworks to deliver engaging digital experiences and contribute to innovative web projects.

SKILLS

HTML	Reactjs	Data Entry	Time Management	Positive Attitude	Stakeholder Communication
CSS	Chat GPT	Google Workspace	Team Collaboration	Strong Work Ethic	Public Speaking
Javascript	Canva	Microsoft Office Suite	Conflict Resolution	Problem-Solving	Learning Agility

PROJECTS

E-Commerce Website [KONG-POSH]

technologies used:- HTML, Css, Javascript, ReactJs and redux

- -Developed a dynamic and responsive user interface for the e-commerce site using React.js, HTML, CSS, and JavaScript, ensuring an intuitive and visually appealing customer experience.
- -Utilized Redux for efficient state management, enabling smooth handling of user interactions, cart functionalities, and order processing.

Tic Tac Toe Game

technologies used:- HTML,Css,Javascript

- Created an interactive Tic Tac Toe game with a responsive layout.
- Implemented game logic for two-player mode, reset functionality, and win/draw detection.

Simple To Do list

technologies used:- HTML,Css,Javascript and Reactjs

- Developed a user-friendly to-do list allowing users to add tasks dynamically.
- Utilized React for component-based architecture, enhancing reusability and state management.

EDUCATION

Bachelor of Bussiness administration in Computer applications

Jul 2021 - Apr 2024

- Completed a Bachelor of Business Administration in Computer Application, a unique blend of business acumen and tech mastery, equipping me with the skills to bridge the gap between strategic insight and digital innovation. This degree fueled my passion for leveraging technology to drive impactful, data-driven business solutions.

Intermediate

Dec 2020

- Achieved academic excellence by completing my 12th grade at Boys Higher Secondary School in Handwara, Jammu & Kashmir, graduating with a remarkable 85.8%. This strong foundation ignited my passion for learning and set the stage for my future endeavors.
